OPPORTUNITIES

PROFILE

Senior full stack engineer with **5+ years** delivering **20+ commercial products** — from architecture and API design through cloud deployment. Deep expertise in **React.js**, **Next.js**, **React Native**, and TypeScript on the frontend; **ASP.NET Core & Node.js** on the backend; and **Azure / AWS / Vercel** for cloud. Known for clean, maintainable code, performance optimisations, and mentoring cross-functional Agile teams.

TECHNICAL SKILLS

Frontend — Primary	React.js	Next.js	React Native	TypeScript	Angular	JavaScript ES6+
UI Libraries	Tailwind CSS	Material UI	Bootstrap	PrimeNG		
Backend	ASP.NET Core	Node.js	REST API	Entity Framework	Firebase	C#
Databases	MS SQL Server	PostgreSQL	MySQL	Firebase RT DB		
Cloud & DevOps	Microsoft Azure	AWS	Vercel	GitHub Actions	CI/CD	
Tools	Playwright E2E	Postman	Figma	Stripe API	WordPress	

EXPERIENCE

Senior Software Engineer — DGB Technologies Pvt. Ltd.

Dec 2020 — Present

- Delivered **20+ commercial products end-to-end** — architecture, API design, cloud deployment, and post-launch support across enterprise, SaaS, and eCommerce verticals.
- Built a **reusable React & Angular component library**, standardising UI patterns across projects and accelerating frontend delivery.
- Designed and maintained scalable **RESTful APIs**, integrating Stripe, Firebase, and external data providers.
- Developed cross-platform **iOS & Android apps with React Native**, managing full App Store and TestFlight deployment lifecycle.
- Established **CI/CD pipelines on Azure, AWS, and Vercel**, reducing manual deployment effort and improving release reliability.
- Wrote and maintained **Playwright E2E test suites**, improving regression coverage and application stability.
- Led **sprint planning and code reviews** within cross-functional Agile/Scrum teams.

KEY PROJECTS

Alladin.pk — eCommerce Platform

React.js

TypeScript

ASP.NET
Core

MS SQL

Full-featured marketplace for physical products, services, and digital goods.

- Built responsive React storefront and all ASP.NET Core APIs from scratch
- Implemented secure auth, product catalogue, and order management modules

BioRisk — Property Inspection App

React
Native

ASP.NET
Core

Firebase

Cross-platform iOS/Android app for property inspection and rental lifecycle management.

- Full mobile app delivery through App Store and TestFlight
- Firebase real-time notifications and backend API integration

Stripe Payment Infrastructure

React.js

TypeScript

ASP.NET
Core

Stripe
API

Secure, PCI-compliant system supporting subscriptions, promo codes, one-time payments.

- Implemented Stripe SetupIntents, webhooks, and subscription billing
- Robust error recovery and retry logic across client platforms

WLC Auction Platform

Angular

ASP.NET
Core

MS SQL
Server

Multi-role large-scale auction with real-time bid management across four user tiers.

- Role-based frontend with dynamic dashboards and real-time bid state
- High-performance API layer for concurrent bidding at scale

Dairy Farm Management System

Angular

ASP.NET
Core

MS SQL
Server

Enterprise operations platform covering milk production, animal records, and analytics.

- Modular Angular frontend with role-based access and detailed reporting
- REST API dashboards providing actionable farm performance insights

Property Investigation & Legal

Angula
r

TypeScrip
t

ASP.NE
T Core

Playwrigh
t

Legal system with multi-step forms, approval workflows, and E2E test coverage.

- Complex reactive forms with conditional validation and multi-stage routing
- Playwright E2E suite substantially improving release confidence

EDUCATION

BS Software Engineering

Virtual University of Pakistan

2017 – 2021

FSc Pre-Engineering

Post Graduate College, Kamalia

2015 – 2017

CORE COMPETENCIES

- ✓ Full software development lifecycle ownership
- ✓ Agile / Scrum planning and execution
- ✓ Cross-functional team leadership & mentoring

- ✓ System architecture & scalable API design
- ✓ CI/CD pipeline setup and cloud deployment
- ✓ Proactive communication & stakeholder management

✓ Performance optimisation & code review

✓ Commitment to quality and continuous improvement
